Why Sponsor the ICIIP-2019?

ICIIP Conference sponsors are exposed to a highly engaged international audience of academicians, technical, policy-makers and persons from research communities.

What's in it for me ?

Sponsoring an ICIIP 2019 Conference gives you:

- Access to influential academic, research and industry professionals.
- Internal and external networking opportunities.
- Unique marketing and brand exposure.
- Opportunity to make valuable contacts .

Help to encourage the research growth

Sponsorship revenue significantly reduces the overall cost of participation, enabling more attendees to participate at the conference. Your sponsorship support helps to bring the widest possible range of regional participants to the Conference, especially those from developing economies.

Audience

The Conference attracts delegates from across the Asia Pacific region and beyond, and is typically attended by more than 300 participants from the technical, operational, business, and policymaking research and academic communities.

The 5th ICIIP-2019 Conference is being organized by Jaypee University of Information Technology at Solan, Himachal Pradesh India, which will attract more than 300+ delegates from major academic & research institutions of India and abroad, members of various technical communities, and government agencies.

The majority of attendees are key technical personnel from academics, research organizations and industry who are responsible for teaching, research, building and maintaining research and IT infrastructure. Attendees also include participants from:

- Universities
- Academic Institutions
- Research Institutions
- Government Departments
- IT Professionals

Be part of a highly specialized forum in the global technical community. As an ICIIP Conference sponsor, your organization is supporting a respected community within the Advanced Computing and Data Sciences Industry.
