

Jaypee University of Information Technology, Wagnaghat, Solan, Himachal Pradesh

Department of Biotechnology and Bioinformatics

Applications are invited from suitable candidates for one position of **Junior Research Fellow (JRF)** for the ICMR funded research project entitled “**Development of inhibitors to target glyoxylate and methylcitrate cycles essential for persistence of *Mycobacterium tuberculosis***”. The selected candidate may register for Ph.D.

Qualifications:

M. Sc./M. Tech. in Bioinformatics or in related area with at least 60% marks or equivalents. Preference will be given to CSIR/UGC/NET JRF qualified candidates. However, Non- NET qualified candidates with expertise in molecular modelling and simulation may also be considered.

Job Description: Molecular modelling, and molecular dynamics and Monte-Carlo Simulation

Fellowship: Rs. 25,000.00 +HRA (10%) = Rs 27,500.00 per month

Duration of the project: Till March, 2018

Interested candidates fulfilling the above requirements should email their bio-data to chittaranjan.rout@juit.ac.in or cranjan2006@gmail.com latest by **April 6th, 2017**. Short-listed candidates will be called for an interview. No TA/DA will be paid for attending the interview.

For any further query, the candidate may contact:
