

Exposure Visit to Jaypee University of Information Technology, Wagnaghat by Students of Himalayan Public Sr. Sec. School Rohru, on 11th-12th July, 2025

On 11-12th July 2025 an exposure visit was initiated by Prof. Dr. Sudhir Kumar Dean (Research and Internalization). The visit was done by thirty-one students of class 10th and two faculty members from Himalayan Public Senior Secondary School Rohru, who visited different departments, respective labs and other facilities at Jaypee University of Information Technology, Wagnaghat. Dr. Hemant Sood from the Department of Biotechnology and Bioinformatics and Dr. Sriti Thakur from the Department of Mathematics organized their educational tour. The visit started with an introductory address and a JUIT video displaying salient features, highlights and facilities prevailing in the campus. A refreshment break at Mughal Garden was organized for the visitors where they enjoyed the scenic landscape of the campus along with their refreshments. Dr. Hemant Sood introduced the students to the Department of Biotechnology and Bioinformatics where they got a hands-on experience with different experimental setups. Students were explained about the equipments and different research projects running in the respective labs of Genomic, Molecular Biology, Microbiology, Plant and Animal Tissue Culture, High-End instrumentation lab and Bioinformatics. The visit followed with the show case at the language laboratory facilities by Dr. Neena Jindal of Department of Humanities and Social Sciences. After the lab visit, the students and the two faculty members went for a refreshing lunch at our mess 'Annapurna' and were allotted their hostel for night stay. Dr. Sriti Thakur conducted the next visit post lunch which included introducing the students with the library learning resource centre, (DLC) Digital Learning Classroom, auditorium and administrative block of the campus. The students were given a practical session on different aspects of library by Mr. Vipin, Deputy Librarian and his staff members. The students were explained how real time teaching -learning from any region in the world could be achieved through the DLC facility which has been specifically built at par with premier institutes in the world. Dr. Ravi from the Department of Computer Science Engineering and Information Technology followed by Dr. Alok from the Department of Electronics and Communication Engineering demonstrated experiential learning in their lab facilities to the students. Both Dr. Alok and Dr. Ravi briefed about the different programs and projects running in their respective departments. Latest inclusion such as drones, robotics and project prototypes were also demonstrated to the students. Dr. Ragini from Department of Physics and Materials Science introduced the students to their department and gave a scientific hands-on session in their lab facilities. The next day i.e., 12th

July was scheduled for a visit to the Department of Civil Engineering by Dr Amardeep. The students and faculties were show cased different laboratories of the Civil Engineering Department, the Biogas plant, STP, and the Rainwater harvesting facility. The last tour culminated with lunch at Annapurna mess and acknowledgement by Dr. Hemant Sood to Prof. Sudhir Kumar, Prof. Ashish Kumar, Mrs. Ranju Sharma (Principal) Divya Thakur, Dinesh Sharma faculties of Himalayan Public Senior Secondary School Rohru), and especially JUIT administration, staff, research scholars, faculty members of all Departments and students for their unconditional support.
