9. Nature and Extent of Involvement of Faculty and Students in Academic Affairs / Improvements

(a) **The Philosophy behind Faculty Student Involvement:**

The University has been concentrating on Education, Training & Research in areas of Information Technologies, Biotechnology, Civil Engineering and IT-enabled Services. These are globally recognized as emergent areas of rapid growth in the next two decades. India is already recognized as a source and repository for highly trained manpower in IT related areas and is fast developing in Biotechnology applications. Graduates will have ample opportunity for employment in all these areas, and in contributing to national prosperity and global competitiveness of Indian industry. The University is committed to developing excellence in education, training and research. Institutionalized attempts are being made to promote and foster excellence in developing knowledge, learning and problem solving skills in all our students with positive attitudes and commitment to values in every student, faculty and staff.

(b) **At JUIT, special emphasis has been placed on developing an environment highly conducive to building of a solid foundation of knowledge, personality development, confidence building, pursuit of excellence, self-discipline and enhancement of creativity through motivation and drive, which helps to produce professionals who are well trained for the rigors of professional and social life. All Students are encouraged to make life outside the classroom vibrant and enjoyable by engaging themselves in multiple extracurricular areas. Fun creativity, competition, distinction, establishing relationships with fellow students and others in the community and ultimately enhancing the value of their educational experience, is at the heart of all extracurricular activities.**

(c) **Concept of Faculty Involvement: The faculty focuses on mentoring, guiding and counselling the students for strengthening their critical thinking, problem solving, analysis, design, team work, communication skills and preparing students for life long learning. The faculty uses innovative techniques, interactive lectures, guided case studies, literature survey, regular lab assignments, project work for critical and creative thinking. As a pedagogical practice starting from first year courses itself, students are required to explore, study, summarise, critique, validate and evaluate classical as well as current research literature published by eminent research publishers. The faculty stresses on learner centric, active and**

collaborative learning. Labs are used for developing skills to use and apply various theoretical concepts with professional competence. Every student has to undertake a Course project in each course to help him learn the knowledge application aspects of the course.

- (d) Each Department lays down Departmental visions, objectives and roles in shaping the profile of the graduates. These are discussed, validated and converted in curricula and teaching practice to achieve the desired goals. Thus every course has well defined outcome objectives that are quantified through the assessment process.
- (e) Faculty Development Programme(s) - JUIT believes in continuous training and development of its staff and teachers. The faculty is both multi-skilled and field specialized. Each year JUIT organizes FDPs to impart to its faculty the lessons in professionalism and pedagogy for improving the quality of teaching. The concept of treating students as a customer and caring for them assists the faculty in getting feedback and incorporating necessary improvements. Faculty Development Programme-Emphasizes on course preparation, lecture, tutorial and laboratory delivery, assessment techniques and obtaining feedback. This is undertaken through specific lectures by senior colleagues, followed up by 'demo sessions' and participation in coordinated work groups. At the end of every program, there is a review session along with interaction with Assessment Committee Members
- (f) Symposiums / Interactive Sessions / Seminars / Lectures / Presentations are frequently organized; both inhouse and by inviting eminent external speakers to improve the quality of knowledge and skills and contribute to the knowledge as also the developmental effort of the State & the Country.
- (g) Students are encouraged to explore the environment through participation in professional / curricular / co-curricular activities outside the University.
- (h) System of student mentoring has been put in place. Feedback is analysed at Departmental levels as also during meetings of various fora as to imbibe and include new and valid suggestions.
- (i) Faculty is encouraged for undertaking R&D projects and do research to upgrade their knowledge and contribute to the knowledge generation as also the developmental effort of the State and the Country.
- (j) Faculty is supported through financial incentives to attend conferences / make oral presentations / attend seminars and submit the reports, which are shared in the department for mutual benefit and enhancement of knowledge.
- (k) Students have formed a Youth Club called JYC, this is the sole student body of the college, which believe in furthering the development of the students as a whole, and strive to provide a climate that nurtures the holistic development of our students, an environment that is trusting and spontaneous; and encourages flexibility, celebration and recognition. This is achieved through annual cultural, technical fests, various events, parties, treks, outings and other spontaneous activities to maintain high levels of enthusiasm and team integration. Focusing on technical, literary, sports, and cultural competitive activities, apart from serving as a retreat from intense academic loads, these extracurricular activities present situations with opportunities that build confidence, encourages teamwork and gives students a strong sense of

achievement and belonging. The motto followed by them is "We're looking for commitment and passion for activities outside of the academic setting we're looking for depth rather than breadth."

- (l) Student profiling is undertaken in association with internal and external agencies to draw out the strengths of each student for guiding them in placement, entrepreneurship and research as per their aptitude.

10. MECHANISM / NORMS & PROCEDURES FOR DEMOCRATIC / GOOD GOVERNANCE

The University has developed following methods:

- (a) Weekly Departmental meetings amongst HODs & faculty
- (b) Meeting of Vice Chancellor & HODs once in a fortnight.
- (c) Faculty meeting presided by the Vice Chancellor once in a month to discuss issues of Academics, Administration, feedbacks and suggestions besides reviewing the progress over all points.
- (d) Nomination of students' counsellors. Each faculty has been assigned specific number of students for mutual interaction. The role of faculty as student mentor is listed below:

29. No. of Applications Received During last two years for Admission under Management Quota and Nos. admitted : No such quota available. Seats offered in order to merit of candidate based on JEE (Mains) All India Rank / 10+2 Marks Merit of the candidate.

30. Admission Procedure

<http://www.juit.ac.in/juit-admissions>

31. Calendar for Admission :

- (i) Last date for request and Submission for Application : 25th June, 2018
- (ii) Dates for Announcement of Results : On the day of physical counselling itself.
- (iii) Release of Admission list and Waiting list : After Counselling
- (iv) Starting of Registration : 16 & 18 July 2018
- (v) Refund policy :

Refund Policy

If a student leaves the program, fee shall be refunded as per UGC D.O Letter no. 1-3/2007(CPP-II) dated 6th December 2016 as below:

S.N	Percentage of Refund of Aggregate fees*	Point of time when notice of withdrawl of admission is served to University
1	100% **	15 days before the formally notified last date of admission, i.e 30th August 2017
2	80%	Not more than 15 days after the formally notified last date of admission, i.e by 14th September 2017
3	50%	More than 15 days but less than 30 days after formally notified last date of admission, i.e between 15th September 2017 to 29th September 2017
4	00%	More than 30 days after formally notified last date of admission, i.e after 29th September 2017.

* (Inclusive of course fee and non-tuition fees but exclusive of caution money and security deposit) ** 10% of the aggregate fee from the refundable amount shall be deducted as processing charges. Fess shall be refunded to an eligible student within 15 days from the date of receiving a written application from him/her. Further, it may be noted that the Hostel charges shall be refunded on pro-rata basis (calendar month based deductions – part month stay treated as full month)starting from the date of occupying the hostel seat.

1st Year classes to commence – 17 July, 2018

CRITERIA AND WEIGHTAGE FOR ADMISSION:

32. Criteria for Admission :

(a) UG Programmes :

(i) All UG

Merit based on JEE (Mains) All India Rank / 10+2 Marks Merit (50% seats of BT/BI offered through 10+2 merit & rest through JEE Mains). (For branches other than BT/BI 80% seats

through JEE (Mains) All India Rank and rest 20% through 10+2 Marks Merit).

- (ii) NRI/NRI Sponsored Seats: 60% aggregate in 10+2 examination with Physics & Mathematics as compulsory subjects (for branches other than BT/BI) and Biotechnology/Biology & Physics as compulsory subjects (for BT/BI branches).

(b) Post Graduate Programme

Merit based on GATE Score / Joint Entrance Test (PGET) conducted by the University.

33. Minimum Level of Acceptance : To be decided by the Admission Committee from year to year.

34. Level of percentage & percentile score in Admission Test for last three years :

(a) UG Programme :	<u>Last Three Years JEE (Mains)</u>		
		<u>Min.</u>	<u>Max.</u>
	2016	58483	558097
	2017	65909	1102233
	2018	50017	1008290

(b) NRI/NRI Sponsored :

	<u>NRI / NRI Sponsored</u>	
<u>Year</u>	<u>Min.%</u>	<u>Max.%</u>
2016	60	88.2
2017	78.1	93
2018	-	-

(c) PG Programme(s) :

	<u>GATE</u>		<u>CGPA</u>	
<u>Year</u>	<u>Min.</u>	<u>Max.</u>	<u>Min.</u>	<u>Max.</u>
2016	380	433	6.38	83.5%
2017	-	-	6.02	9.05
2018	443	443	6.8	8.7

35. Students attending physical counselling are called in order of merit for confirming seats to their desired program / course and live status of availability of the seats are being displayed in Hall through Projector.

ADMISSION FORMS

36. The Admission Forms, Procedures and Schedule of admission is available on the University website, <http://www.juit.ac.in>.

LIST OF APPLICANTS

37. The list of candidates who qualify for the counselling is displayed on the web site, along with JEE ranking and 10+2 merit. The candidates are also advised to report for counselling through SMS & e-mail in case individual letters sent to the merit listed candidates fail to reach them.
38. No Lists are applicable against Management Quota, as JUIT does not offer any such quota.

RESULTS OF ADMISSION UNDER MANAGEMENT SEATS / VACANT SEATS:

39. “NOT APPLICABLE AS NO ADMISSIONS ARE ALLOTTED AGAINST VACANT SEATS, THROUGH MANAGEMENT QUOTA. ALL SEATS ARE FILLED THROUGH COUNSELLING” ON MERIT.

INFORMATION ON INFRASTRUCTURE

40. Library :

The LRC of the Institute is a state of Art modern, student friendly complex which provides all facilities needed by the students to assist them in their studies. Briefly the features of LRC are given below:-

(a)	Seats	:	295
(b)	PC Terminals	:	65
(c)	Titles	:	20,595
(d)	Volumes	:	39,077
(e)	Journals Bound Vol. International	:	1394
	(i) National (Print)	:	48
	(ii) International (Print + Online)	:	19+2438=2457
	(iii) Magazine	:	41
(f)	Electronics Database		
	(i) IEEE	:	207 (Journals) + 3855 (Conf. Proceedings)=4062
	(ii) ACM	:	66 (Journals) + 1082 (Conf. Proceedings)=1148
	(iii) Springer's Link	:	1700 (Journals)
	(iv) ASCE	:	37 (Journals)
	(v) IET	:	31 (Journals) + 1494 (Conf. Proceedings)=1525
	(vi) ASTM	:	9 (Journals) + 1715

			(Monographs, etc)=1724
(vii)	South Asia Archive	:	388 (Journals) + 213 (Conf. Proceedings)=601, 2595 (e-Books)
(viii)	World eBooks	:	41+ Lakh
(ix)	MathSciNet	:	Abstracting Databases
(x)	SIAM	:	372 (e-Books)
(g)	Daily Newspapers	:	12 (48 Copies)

41. Laboratory:

(1) IT Infrastructure Centre

The main objectives of the Server Room (IT Infrastructure Center) are to provide support to all the members of JUIT on all aspects of academic computing, to implement and maintain IT infrastructure and application software, to impart introductory and advanced instructions to users, generate trained manpower to maintain IT infrastructure (Servers, Desktops, Network, Projectors, Printers, UPS, Wi-Fi, sound system, scanner), to provide support to institute computerization efforts, to do in house research & development, and to serve a user population of more than 3500 users consisting of undergraduate students, postgraduate students, research scholars, faculty and staff of the institute.

In addition, it also owns the responsibility to develop and implement application software for various needs of the Institute like finance, payroll, results, MIS reports and electronic attendance system etc.

• General Computing Facilities

The Server Room is equipped with IBM X series Server for high performance Unix Computing Server, Intel Xeon servers with multiple processors, High end Intel Pentium server with multiple processors, various engineering and technical computing software, network management tools, Client/Server Database computing system connected over a switched fast Ethernet with Optical fiber backbone.

For our printing needs we have total 65 printers with 14 heavy duty Network Printers and 1 Line matrix printers.

• Hardware Details

- [Server Detail \(https://www.juit.ac.in/server-detail\)](https://www.juit.ac.in/server-detail)
- [Printer Detail \(https://www.juit.ac.in/printer-detail\)](https://www.juit.ac.in/printer-detail)

- [NETWORK DETAILS \(https://www.juit.ac.in/network-details\)](https://www.juit.ac.in/network-details)

The University Local Area Network (LAN) is a state of the art switched network with Fiber Optical and enhanced CAT5e/CAT6 UTP Backbone. It consists of more than 3500 network access points spread using 73-3 com switches, 3 Cisco Routers, 26 Cisco switches, 17 Cisco AP ,6 HP AP and 16 VLANs.

The network access is provided to every room in student's hostel, faculty & staff residence, doctors at JUIT hospital, mess, laboratories and rooms in guest houses.

Internet connection has been provided through a router. We have 1 Gbps (1: 1) leased circuit from BSNL and Railtel (27 MBPS) on OFC. Apart from internet and intranet many more services including mail, web, and library book search, domain name, antivirus and software upgrades are being provided over this network.

JUIT is using Cyberoam Suite to manage internet bandwidth and mailing services. Cyberoam is consists of software firewall, anti spam controller, content filtering and antivirus protection at gateway level. Lotus Domino is being used by JUIT for official mailing services.

TEACHING LEARNING PROCESS

42. Teaching Learning Process:

Project Based Learning

To train the students in applying the knowledge acquired in each course and to understand and develop the problem solving skills, every student has to complete a minor project in each course and then at the end of the program has to complete a major project with specific credits mentioned in the course structure.

Group & Self-Learning

This is a very effective means towards preparing professionals who are proactive in seeking and acquiring knowledge rather than having it imparted only in the classroom. Free exchange of ideas among the group members through discussions and presentations not only leverages on time effort but also enhances teaching and

communication skills. Every course syllabus has a list of URL's from where the student can get additional content and learning resources. This encourages the student to explore, learn & expand the classroom teaching and also equips them to enhance self learning capabilities. Aptitude is developed for self-study and use of web resources and data banks to foster life long learning.

Problem Solving Exercises

Problem solving is an integral part of the teaching-learning process. Lectures emphasize this aspect through carefully set, open-ended design problems. Students are organized in small groups where an opportunity is provided to do problem solving, engage in design exercises, and perform information search and processing.

43. Academic Calendar of the University :

Please visit the link for detail:

Academic Calendar_

<http://www.juit.ac.in/academic-calendar>

44. Internal Continuous Evaluation System :

The teaching-learning process :

It is to develop a number of qualities in students. These are as follows:

- Sustained Disciplined Work

Since the University uses multidimensional assessment model which demands that the teacher provides students the opportunity to participate in quizzes, R&D seminars, tests and assignments throughout the semester hence the ability to put in sustained and disciplined hard work over the entire length of semester is one of the key factors to success in professional life. A typical semester is designed in an intensive and a modular fashion with an emphasis on regular and continuous work. The Evaluation System (see section 3) is designed to encourage this concept.

- Self Learning

In its attempt to move away from teacher-centered learning to student-specific learning, the curriculum actively encourages self learning. For this purpose 15% of the time allotted to theory and tutorial classes is specifically earmarked for independent study. That is, Self learning time per course = (theory time + tutorial time)*0.15

- Flexibility in Pace of Learning

The evaluation system makes special provision for different paces of learning for different students. Yet, it attempts to inculcate respect for deadlines. Thus, while specifying a time limit within which tutorial/practical work must be completed, there is scope to submit such work beyond the deadline. However, there will be a small penalty for late submission. The faculty will notify of the penalty for late submission for each tutorial/practical session and also the time up to which late submissions will be accepted.

- Design Orientation

The curriculum is structured so that basic implementation skills and design skills are interwoven together. Thus, for example, a student of Programming Systems learns not only how to program but also how to design programs (The teaching-learning process structures a course in the two levels of implementation and design).

- **Quality Consciousness**

Students are made to be aware of the importance of continuous improvement, building zero-defect products and doing quality work. All courses emphasize on quality as an integral part of teaching the various standards and how they are used. Students are taught how to test and certify their laboratory work and how to evaluate the worth of theoretical results.

- **Co-operative Working**

Given the complexity of technological problems of today, large multi-disciplinary & multi domain teams work together to provide solutions. Thus, it is very important to learn group dynamics and to work in teams. Through co-operative project work wherever possible, the Institute encourages students to learn to select teams, resolve leadership and group issues and in general, to make effective operational process based work & activity models.

- **Evaluation System :**

45. Student Assessment of Faculty : System in Place on-line and the feedback so obtained for the course, teaching-learning environment and teachers note is used to improve the curricula on a continuous basis.

The system of interaction of students, HODs and Vice Chancellor either directly or through counsellors have proved effective in management of issue.

46. Research Activities

The University has a large focus on R&D and has started from its very inception to encourage faculty members to engage in research. The University is a recognized “Centre of Excellence” by DBT and assisted by DST under FIST. It has also been rated as the No. 1 Biotechnology Department in India among the private Universities.

At the University, a “Computer Communication Research Group” (CCRG) has been set up. The CCRG is dedicated to basic and applied research in computer communication. Research focuses on new algorithms, protocols, and architecture for wireless networks based on packet switching (i.e. packet-radio networks), internetworking, multipoint communication, and the control of resources by multiple administrative authorities.

Wireless Networks, Channel Access and Mobile Computing

The Group is developing new algorithms and protocols for wireless networks based on packet switching, i.e. packet-radio networks. A multi-hop packet-radio network is an ideal technology to establish an “instant communication infrastructure”

in disaster areas, which support Indian military needs, and extend the global communication infrastructure to the wireless mobile environment.

The research problems being addressed include channel access, routing, multicasting, congestion control, topology management, end-to-end reliable communication, and security.

Internetworking

Internetworking technology has been tremendously successful. As the Internet continues to evolve, today's internetworking technology is challenged by growth, the provision of multiple types of services at varying speeds, the support of collaborative environments that require real-time multipoint communications, the control of resources by multiple administrative authorities, and the interoperation of different types of high-speed internets.

Research problems being addressed in this area include scalable routing architectures and protocols, scalable multicast routing, end-to-end reliable multicasting, and security.

Multimedia Collaboration

Ultimately, computer communication research aims at supporting and augmenting people's ability to communicate, coordinate, and collaborate remotely, using online tools and information in a distributive manner.

The Group is developing new protocols and middleware for group coordination and distributed multimedia resource allocation, augmenting tele-collaboration and distance learning.

Future plans for new courses include starting a UG and PG program in Biotechnology, relevant PG (M.Tech.) courses in the disciplines of Electronics & Communication, Computer Science & Engineering and Information Technology, Bioinformatics, and Civil Engineering.

INNOVATIVE PROGRAMS

- (i) The University has been introducing many new concepts and techniques in pedagogy as also in the ICT applications in Education, Training & Research using State-of-Art Information & Communication Technologies, Bioinformatics/Biotechnology, and IT-enabled Services. These are globally recognized areas of rapid growth in this decade. India has been already recognized as a source and repository for highly trained manpower in IT, ITeS and related areas and is fast developing in Bioinformatics/Biotechnology applications. Our Graduates have been excelling in all these areas, and in contributing to national prosperity and global competitiveness of Indian industry.
- (ii) JUIT is committed to developing excellence in education, training and research through innovative process and methodologies. Institutionalized attempts are being made to promote and foster excellence in developing knowledge skills and attitudes in all students and commitment to values in faculty and staff.
- (iii) Faculty Development Program - Conducted once every year with emphasis on outcome based course preparation, lecture, tutorial and laboratory delivery assessment techniques, and feedback based continuous upgradation of course contents pedagogy and assessment methodology is yielding encouraging results. .

This is undertaken through specific lectures by senior colleagues, followed up by 'demo sessions' and participation in coordinated work groups. At the end of every program, there is a review session along with interaction with Experts.

- (v) Student Profiling - Undertaken in association with Internal & External Agencies, build on the strengths of each student.

Invited Talks by JUIT Faculty

S. No.	Name	Place	Date
1	Dr. Jata Shankar	‘Invited Keynote Speaker, Deciphering Host-response in Aspergillus Medicated Infection. ZInternational Conference on Emerging Researches in Bioscience (ICERB-2018 at Guru Ghasidas Viswavidyalay – Central University Bilaspur, Chattisgarh	28 th - 30 October 2018
2	Dr.Raghu M. Yennamalli	Invited as Resource Person for DBT sponsored workshop on “Application of Bioinformatics Research in Teaching and Research” October 25-26, 2018 at Himachal Pradesh University, Summer Hill, Himachal Pradesh.	October 25-26, 2018
3	Dr. Ashok Kumar	Invited for oral presentation for Royal society of Chemistry and British council co-sponsored UK-India Interdisciplinary Workshop on Advanced Biomaterials and Biosensors(ABB-2018) at IIT Ropar Punjab India.	ABB-2018
4	Dr. Ashok Kumar	Invited for oral presentation at one day seminar at school of Chemistry Indian Institute of Technology, Mandi Himachal Pradesh India	
5	Dr. Hemant Sood and Dr Anil Kant	Attended Conclave of Chief Ministers and Parliamentarians of Himalayan States on organized by Himachal Pradesh Council for Science Technology & Environment (HIMCOSTE) at Peterhoff, Shimla	5 th October, 2018
6	Dr. Rahul Shrivastava	delivered Expert Lectures on topics ‘Requisite of Antibody Engineering to Mankind’ and ‘Antibody Engineering - Applications and Job Potential’ at G.B. Pant Engineering College, Pauri (Uttarakhand).	18 th September, 2018
7	Dr. Hemant Sood	Had guest lecture on Production of medicinal compounds for Commercial and Endangered Medicinal Plants through Cell and Tissue Culture Technology for Herbal Industry in Refresher Training Course for Indian Forest Services Officers (IFS) officers at HFRI, Panthaghati, Shimla	13 th September, 2018
8	Dr. Sudhir Kumar	Invited as a resource person for a Workshop on Biogas Plant fabrication, maintenance and use organized by the Swachh Bharat Mission (Gramin), Drinking Water and Sanitation Department, Ranchi, Jharkhand	23 rd July, 2018

9	Dr. Sudhir Kumar	Was invited for a lecture on “Biogas Production for Sustainable Energy Generation in Rural Himachal Pradesh using one-stage digester.” On Launch of GOBAR-DHAN scheme by Ministry of Sanitation and Drinking Water at NDRI, Karnal	30 April, 2018
10	Dr. Sudhir Kumar	delivered a lecture on “Biogas Model of Himachal Pradesh” in Ministry of Sanitation and Drinking Water, New Delhi”	11 April, 2018.
11	Dr. Raghu M. Yennamalli	Delivered lectures and conducting hands-on practical on “Identification and quantification of the complete complement of proteins (the proteome) of a biological system” at Himachal Pradesh University, Shimla, Himachal Pradesh	Nov, 2017
12	Dr.Tiratha Raj Singh	delivered an invited talk entitled "Annotation of Complex Biological Networks Through Simple Network Motifs" in National Symposium of Bioinformatics and Computational Systems Biology (NSBCSB) held at Central University of Himachal Pradesh, Dharmshala	12-14 Nov, 2017
13	Dr. Sudhir Kumar	delivered lecture Biogas Production from Solid Waste.” Workshop on Science and Technology for Women at Hotel Holiday Home, Shimla. Organized by HIMCOSTE and DST	8 th – 9 th , Sept, 2017
14	Dr. Sudhir Kumar	delivered lecture on “Solid Waste Management at Household Level” at NIT Hamirpur, organized by HP Rural Development Department, HP Govt. Honoured by Rural Development Minister – Sh. Anil Sharma.	04 th Sept, 2017
15	Dr. Raghu M. Yennamalli	delivered lectures and conducting hands-on practical on “Application of Bioinformatics Tools in Plant Sciences” at Dr Y S Parmar University of Horticulture and Forestry, Nauni	24 th - 25 th August, 2017
16	Dr. Tiratha Raj Singh	delivered invited talks in National Training Program on "Application of Bioinformatics Tools in Plant Sciences" Dr. Y.S. Parmar University of horticulture and Forestry, Nauni, Solan	22-23, August, 2017
17	Dr.Hemant Sood	has given an expert Lectures in the In-service Training Programme for Lectures/PGT of Biology on “Plant tissue Culture Technology and Its applications and IPR for Developing Knowledge Economy”. State Council Of Education Research and Training, Solan HP	10 th – 11 th July, 2017

18	Dr. Jata Shankar	Has given oral presentation on Proteome profile provided molecular insight into germination of Aspergilli and biosynthesis of secondary metabolites. 5 th International Congress on Analytical Proteomics (V ICAP 2017), Portugal.	3 rd – 6 th July 2017
19	Prof. RS Chauhan	Invited lecture on “NGS Transcriptomics to Unravel Biosynthetic Pathways for Phytopharmaceuticals in Medicinal Herbs” in 2 nd National Conference on “Next Generation Sequencing” jointly organized by the Bioserve and the CCMB, Hyderabad	22-24 Feb, 2017
20	Dr. Hemant Sood	presented paper entitled as Optimization of culture conditions for the production and germination of artificial seeds of <i>Nothapodytes nimmoniana</i> in 6 th International Conference on Recent Trends in Engineering, Science & Management , National Institute of Technical teachers Training & Research, Chandigarh. 8 th Jan, 2017	. 8 th Jan, 2017
21	Dr Hemant Sood	d\Delivered an expert lecture on Electronic waste: Impact and Management in “National Seminar on issues of E-waste Management” at Govt. Degree College, Arki, Solan , Himachal Pradesh.	17 Dec, 2016
22	Dr. Sudhir Kumar	delivered an expert lecture on Electronic waste: Impact and Management in “National Seminar on issues of E-waste Management” at Govt. Degree College, Arki, Solan, Himachal Pradesh	17 December 2016
23	Dr. Rahul Shrivastava	Delivered a guest lecture on ‘Identification of novel genes responsible <i>M. fortuitum</i> drug resistance’ in UK -India Workshop on “Tackling the emergence of antimicrobial resistance: increasing virulence and facilitating research network” funded by the British Council and the Royal Society of Chemistry under the prestigious Newton Link Research Grants [IMTECH, Chandigarh	7-10 November 2016
24	Dr. Harish Changotra	Gave invited talk on “Host Genetics and Hepatitis B Virus infection” in International Symposium on Genomic Medicine: personalized care for me and you at Doaba College Jalandhar, Punjab , India	18 th Oct, 2016
25	Dr. Harish Changotra	“Molecular Biology Techniques” invited talk cum workshop at Doaba College, Janandhar, Punjab, by Jawaharlal Nehru Government	9 th April 2016

		Engineering College, Sundernagar, Mandi, HP.	
26	Prof.Sudhir Kumar	“Extremophilic xylanases for efficient conversion of lignocellulosic biomass” in the second international conference on “Recent advances in Bio-energy research” ICRABR- at S.S.S. National Institute of Renewable Energy, Kapurthala, Pb. (An Autonomous Institution of the Ministry of New and Renewable Energy, Govt. of India).	25 th – 27 th February 2016
27	Dr. Sudhir Kumar	Biogas for community service” in the ‘National Biogas Convention 2015” at Centre of Rural Development and Technology, IIT Delhi	15 th – 16 th Sept, 2015
28	Dr. Tiratha Raj Singh	"Computational predictions and evaluations for biological parameters and regulatory patterns for Alzheimer's disease" in the XXXIII Annual Conference of Indian Academy of Neurosciences at PU, Chandigarh	31 st Oct., 2015
29	Dr.Tiratha Raj Singh	CNRST, Rabat, MOROCCO.	Sept., 9, 2014
30	Dr.Tiratha Raj Singh	CSK HP Agricultural University, Palampur, H.P.	Nov., 14-16, 2014.
31	Prof.Sudhir Kumar	DST INSPIRE, Fategarh Sahib, Punjab	25 Mar, 2013
32	Prof.Sudhir Kumar	DST INSPIRE, Fategarh Sahib, Punjab	11 Feb, 2013
33	Prof.Sudhir Kumar	Workshop on energy, J.N. Govt. Engg. College, Sundernager, HP	2 Mar, 2013
34	Dr.Chanderdeep Tandon	2nd International Conference on Translational Medicine, Chicago-North Shore, USA	5-7 Aug, 2013
35	Dr.Dipankar Sengupta	National Conference on “Bioactive Compounds And Functional Foods in Health and Disease Management , National Institute of Food Technology Management and Entrepreneurship (NIFTEM), Karnal	15-16 Nov, 2013
36	Dr.Gargi Dey	8 th Nutra Summit, Mumbai	13-16 Mar, 2013
37	Dr.Maneesh Jaiswal	Workshop on Biotechnology policies for Himachal Pradesh, 2nd Revision, Shimla	29 Nov, 2013
38	Dr.Rahul Shrivastava	Safety Week Celebration, Shoolini University, Solan	Aug, 2013
39	Dr.Rahul Shrivastava	G.B. Pant Engineering College, Pauri (U.K.)	Oct, 2013
40	Dr.Tiratha Raj Singh	Bioinformatics Centre, HPU, Shimla	20 Sept, 2013
41	Dr.Tiratha Raj Singh	MANIT, Bhopal, India	24 Sept, 2013

42	Prof.Sudhir Kumar	World's std. Day, BIS, Govt. of India, HP	17 Oct, 2012
43	Dr.Dipankar Sengupta	Dept. of Bioinformatics, GGDSD College, Sector 32-C Chandigarh, India	21 Jan, 2012
44	Dr.Gargi Dey	Bangalore INDIA BIO, Bangalore	6-8 Feb, 2012
45	Dr.Kuldeep Singh	Recent Advances in Chemical Sciences: Emphasis on Healthy life (RACE for Healthy Life), ITM Gwalior	21-22 Sept, 2012
46	Dr.Rahul Shrivastava	DST sponsored six weeks technology Based Entrepreneurship Development Program , Kurukshetra University, Kurukshetra	Aug, 2012
47	Dr.Tiratha Raj Singh	CSK HP Agricultural University, Palampur	2-3 Mar, 2012
48	Prof.Sudhir Kumar	Seminar on Biol. Engg., SDSMT, USA.	11 Oct, 2011
49	Prof.Sudhir Kumar	Sigma XI , Rapid city, SD, USA	17 May, 2011
