IEEE Delhi Section Student Awards Ceremony 2025

Solan, April 12, 2025 – In a proud moment for Jaypee University of Information Technology (JUIT), the IEEE JUIT Student Branch emerged as one of the most celebrated branches at the IEEE Delhi Section Student Awards Ceremony 2025, held on April 12th. The event, organized by the IEEE Delhi Section Student Activities Committee, aimed to recognize and reward exemplary contributions made by Student Members, Student Branches, and Branch Counsellors across the section.

This year, multiple members from the IEEE JUIT Student Branch were honored with prestigious awards, underlining the branch's strong commitment to technical excellence, impactful initiatives, and community service.

Awardees from IEEE JUIT Student Branch:

 Dr. J.K. Pal Memorial Award : Presented to student members demonstrating outstanding leadership and academic excellence.

- Mr. Mayank Kumar
- Mr. Aavishkar

 IEEE Outstanding Volunteer Award : Awarded for exemplary service and consistent contributions to IEEE activities and student engagement.

- Mr. Harsh Vardhan
- Mr. Divyansh Goel
- Mr. Preetimay Patel

 IEEE WIE Outstanding Volunteer Award : Recognizing women in engineering for their exceptional commitment to promoting diversity, equity, and leadership within IEEE.

- Ms. Nazma Sultana
- Ms. Prerna Roy

These awards not only highlight the individual excellence of the awardees but also reflect the collective spirit and synergy of the IEEE JUIT Student Branch. Their achievements underscore

the importance of student-led initiatives in fostering a technically empowered and community-driven environment.

Speaking on the occasion, the awardees expressed their gratitude to IEEE Delhi Section and credited their mentors, peers, and institutional support for their journey. The recognition has further energized the branch's mission to create a vibrant and inclusive platform for innovation, collaboration and professional growth.

JUIT IEEE Student Branch Shines at IEEE Delhi Section Student Awards 2025

AGENCIES

SOLAN, Apr 18: The IEEE Student Branch of Jaypee University of Information Technology (JUIT) has brought laurels to the university by winning multiple prestigious honors at the IEEE Delhi Section Student Awards Ceremony 2025, held on April 12.

The event, organized by the IEEE Delhi Section Student Activities Committee, celebrated exemplary contributions by students and branches across the region, recognizing their leadership, technical excellence, and service to the IEEE community.

The JUIT IEEE Student Branch stood out as one of the most awarded teams of the ceremony, with students receiving top accolades in various categories, showcasing their commitment to innovation, diversity, and community development.

Awardees from IEEE JUIT Student Branch:

Dr. J.K. Pal Memorial Award

For outstanding leadership and academic excellence:

Mayank Kumar

Aavishkar

IEEE Outstanding Volunteer Award

For exceptional service and consistent contributions to IEEE activities:

Harsh Vardhan

. Divyansh Goel

Preetimay Patel

IEEE WIE Outstanding Volunteer Award

Presented to women in engineering for their leadership and dedication to diversity and inclusion within IEEE:

Nazma Sultana

Prerna Roy

The awards reflect both the individual brilliance of JUIT's students and the collaborative spirit that defines the IEEE-JUIT Student Branch (STB65481, SBA65481, SBA65481S). Their consistent efforts in technical projects, leadership initiatives, and community outreach have played a key role in enhancing the stature of the branch within the IEEE Delhi Section.

Expressing their gratitude, the awardees thanked the IEEE Delhi Section, mentors, and peers for their continuous support and encouragement.

They emphasized how this recognition further motivates the branch to work towards a more inclusive, innovative, and technically driven environment for student development.

The accolades have cemented IEEE-JUIT's position as a vibrant hub for student-led initiatives and professional growth, encouraging students across the university to contribute actively to global engineering and technology communities.
