Date: 8th October 2025

Venue: Tutorial-4

Introduction:

On 8th October 2025, **Koshish Club** organized a vibrant and engaging **Diwali Drawing Competition** for the children whom we teach under our outreach and education initiative. The event was held to provide a platform for these children to explore their creativity, develop artistic skills, and celebrate the essence of the upcoming festival of lights—Diwali. The entire program was thoughtfully planned and executed by the members of the club, reflecting the club's core values of compassion, creativity, and community service.

Objective:

The primary objective behind conducting the **Diwali Drawing Competition** was to inspire creativity and self-expression among children while instilling in them a sense of cultural appreciation and joy. The activity also aimed to make the children feel included in the festive celebrations and to provide them with an enjoyable learning experience outside the classroom environment. Additionally, the event encouraged teamwork, patience, and fine motor skill development among the participants.

Event Details:

The competition took place in the afternoon at Tutorial -4 where regular classes are conducted by Koshish Club volunteers. The venue was beautifully decorated with festive posters to create an atmosphere of celebration. Materials such as paints, brushes, glitters, and decorative items were provided by the club members. Volunteers helped set up the tables, distributed materials, and guided the children throughout the activity while ensuring that everyone had an equal opportunity to participate and express themselves freely.

During the competition, the children poured their hearts into drawing diya using a variety of colors and creative patterns. The joy and enthusiasm on their faces added to the festive charm of the event. Soft music and friendly interactions between volunteers and children made the environment lively and cheerful.

Participation:

The competition witnessed enthusiastic participation from all the children associated with Koshish Club's teaching program. Each participant came up with unique ideas — some chose traditional motifs and color combinations, while others experimented with modern designs. Volunteers were delighted to see how confident and imaginative the children had become over time, which reflected the impact of the club's continuous engagement and mentorship.
