

## EXPERT LECTURE

### **DEPARTMENT OF ELECTRONICS AND COMMUNICATION ENGINEERING JAYPEE UNIVERSITY OF INFORMATION TECHNOLOGY, WAKNAGHAT**

Dr. M. Wajid, Department of Electronics Engineering, Aligarh Muslim University, Aligarh delivered an expert lecture on “**HDL Based System Design**” on April 15, 2019 at 11:15 AM in CL1.

Wajid did his B.Tech (Electronics) from AMU - Aligarh and M.Tech (VLSI and Embedded Systems) from IIIT Hyderabad. He obtained PhD degree in Signal Processing from Indian Institute of Technology Delhi, India. His doctoral work was on Design and Analysis of Microphone based Acoustic Vector Sensor for 2D Direction of Arrival Estimation. Before joining Aligarh Muslim University, he was associated with Jaypee University of Information Technology - Solan, Texas Instruments - Bangalore, Xilinx India Technology Services Private Limited - Hyderabad, and also he served as a Senior Engineer in the "Professional Electronics and Industrial System Division" of Blue Star Limited - New Delhi.

Department faculty members and 3rd year B. Tech. ECE students attended the lecture and interacted with him enthusiastically.

Coordinators of the event: Dr. Shruti Jain and Dr. Harsh Sohal
