

Career Counselling at State Institute of Engineering & Technology, Nilokheri, Haryana

Date: May 30, 2023

College: State Institute of Engineering & Technology, Nilokheri, Haryana

Approximate No. of Students Attended: 80

Prof. Ashish Kumar and Dr. Amardeep from the Department of Civil Engineering, JUIT visited SIET, Nilokheri, Haryana, to interact with the students of Civil Engineering Department. Prof. Ashish Kumar delivered a lecture titled as “Future Prospects of Civil Engineering”. A total of 80 students along with Dr. Vishal Arora, HOD were present during the interaction session. A detailed discussion was conducted regarding the different opportunities for the Civil Engineers across the country and the world. Further discussions were held regarding various opportunities such as academia, research, higher studies etc. Dr. Vishal Arora showed interest in summer training program offered to the B.Tech. students by the Department of Civil Engineering. He assured that to do the same from the next semester. Er. Vishrut Malik, Assistant Professor, SIET, Nilokheri, was quite interested to share the knowledge related to the research activities amongst both the institutes.
