

## **Visit of Students from Government Senior Secondary School, Kohbag**

**Date of Event:** February 10, 2023

**School:** Government Senior Secondary School, Kohbag Shimla, H.P.

**Approximate No. of Students Attended:** 60

On February 10, 2023, about 60 students of Govt Sr. Sec. School, Kohbag, Shimla, visited the Department of Civil Engineering. Students visited various labs such as Highway Engineering Lab, Geotechnical Engineering Lab, Concrete Lab, etc. Students were given detailed information and demonstrations of tests performed in these labs.

**Dr. Amardeep Boora**, Assistant Professor, Department of Civil Engineering along with the Lab Assistants **Mr. Jaswinder Deswal, Mr. Amar Kumar, Mr. Pradeep Kumar and Mr. Itesh Kumar** JUIT discussed about the importance of various tests related to bitumen, soil and cement requisite during the construction of highway, bridges, commercial and residential buildings in order to follow the guidelines specified by the Government of India by focusing on the quality of work and the safety of the peoples. Besides this, students took a tour of Workshop and Engineering Graphics Lab to interact with several instruments and importance of drawings in the field.

Doubts of the Students were also answered. As per Dr. Ashish Rohila, Head of the department of Civil Engineering JUIT, main objective of the visit was to aware the students regarding the importance of quality of work which ultimately affect the safety of peoples. Beside this, the main aim of such kind of visit was to encourage the students to opt for the Engineering as their future carrier.
