National Cadet Corps

Name of the Activity: Firing Camp

Date: 30 April – 09 May 2026

Place: Indus University, Una

One cadet of JUIT Cdt. Sameer attended a firing camp held in Una where he received practical training in rifle shooting. The camp helped in improving concentration, discipline, confidence, and shooting skills through both theoretical and practical sessions.

During the first two days of the camp, cadets attended classroom sessions where instructors explained the basics of shooting, including correct firing positions, aiming techniques, breathing control, trigger control, rifle safety, range discipline, and other essential concepts before live firing practice.

Daily Schedule

Every day began at around 5:00 AM. After getting ready, all cadets assembled at the firing range and practiced until approximately 5:00 PM. The sessions were supervised by experienced instructors who guided us throughout the training.

Training Experience

Cadets practiced firing with a .22 rifle, which improved the accuracy, aiming, breathing control, and shooting posture. Cdt Sameer also got the opportunity to fire with the competition air rifle used in official shooting competitions. During the training, he successfully achieved a 3.5 cm shot group, demonstrating consistent accuracy and control.

Final Day Competition

On the final day, a shooting competition was conducted. Each participant fired a total of 9 bullets: 3 while standing, 3 while kneeling, and 3 while lying (prone). Cadets who achieved the required threshold score were selected for the next firing camp.

Conclusion

The firing camp was an enriching and memorable experience. The combination of theoretical classes, practical training, and the final competition strengthened the discipline, patience, focus, and shooting skills.
