DIGITAL CAMPUS

1. **Admissions**

   The admission process is fully digitalised. Students apply online and offline forms are also uploaded on system before further processing. The total process of counselling and registration including payment of admission fees is completely digitalised

2. **Academic Calendar**

   Scanned copy of the Academic Calendar is available online on website.

3. **Attendance**

   a) Biometric attendance for faculty and staff is in place which is also linked to salary computation.
   b) For students, Biometric Attendance Registration process is currently underway for Entry/Exit from University, Mess and for Girl hostellers Entry/Exit from hostel.
   c) Attendance records (Lectures/Tutorials/Practicals) of students and updated online and accessible to students through webkiosk.

4. **Assessments**

   Auto grading system is fully digitalised system.

5. **Result Declaration**

   The results declaration is a digitalised process. Students/parents can check their results on our website through secured log in after declaration of the same.

6. **Administration**

   Students Grade Sheet/Transcripts/Provisional Degree Certificates are based on Digital System. No manual printing/hand written documents are issued to the students. Collection of fees is also completely digitalised. Digitalised refund process is also followed by JUIT.

7. **Smart Campus**

   Following initiatives have been taken to make JUIT a smart campus:-

   a) A rain water harvesting scheme is installed and water after filtration is recycled to augment the existing water supply scheme.
   b) The process of conversion of all electric fittings with LED fittings is underway and approx. 50 percent of the campus is now based on LED lighting.
   c) The campus is presently based on LAN internet. A survey for Wifi campus has recently been completed by Jio.
   d) All Library resources are available to students through Internet.
   e) ERP System is in place where faculty & staff have access to their personal information i.e. pay, salary slips, leave records etc and students have access to their attendance , Grades, CGPA, fee paid etc.
   f) University maintains a dynamic website where all the activities /information is available to all the stakeholders.

8. **Clean Campus**

   a) An efficient Sewage Treatment Plant is functioning in the Campus. Water from STP is recycled for horticulture and arboriculture.
   b) The University has its NOC from Pollution Control Board valid upto 31-03-2021.
   c) Bio Waste is disposed through M/s. Enviro Engineers, CBWTF Sandli Solan (HP) thrice a week.
   d) Periodic Cleanliness drives are organised by the Environment Club of JUIT.
